

Blixen[®] Nitro Cold Brew
by COFFEED
It's a little different.
That's why you'll love it.

NITRO

Nitrogen-infusion, combined with our slow cold-brewing process, guarantees a coffee that's sweet without sugar and smooth without cream.

Our proprietary in-line nitrogenation process delivers smaller bubbles, resulting in a smoother pour and taste.

Blixen[®] is Vegan, Gluten-Free, & STAR-K Certified Kosher.

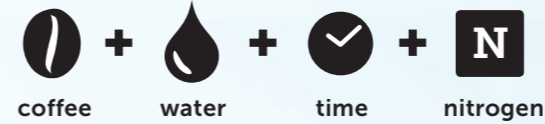

A \$95 **Blixen[®]** BIB yields 76 eight ounce servings. At \$5 a serving, that's

\$285
profit per BIB
